

Title IX Notification

Title IX of the Education Amendments of 1972 (Title IX) prohibits discrimination on the basis of sex. On April 19, 2024, the U.S. Department of Education released its final rule to fully effectuate Title IX's promise that no person experiences sex discrimination in federally funded education. It is the policy of The Franklin County Career and Technology Center to offer opportunities for participation in career and technical programs to all students on an equal basis and in accordance with federal and state laws and regulations.

For additional information regarding Title IX, to report a violation, or file a complaint, please contact the School's Title IX Coordinator. The School's Title IX Coordinator is responsible for handling complaints or sex discrimination and sexual harassment along with overall compliance oversight.
