

**Articulation Agreement**  
**The Culinary Institute of America**  
**And**  
**Franklin County Career and Tech Center program**

The purpose of this agreement is to enable students who have successfully completed two years of the culinary arts program at Franklin County Career and Tech Center to enter the degree program at The Culinary Institute of America with advanced standing.

Students who have successfully completed the culinary arts program at Franklin County Career and Tech Center will be eligible for up to 1.5 credits towards the total number of credits required for graduation from The Culinary Institute of America. Students from this program will also be eligible to take the CIA math challenge test to gain an additional 1.5 credits.

The Culinary Institute of America will consider credit for the following course:

Food Safety (ServSafe)	1.5 Credits
Mathematics (if student passes challenge test)	1.5 Credits

**Terms of Articulation Agreement**

1495. Students must successfully complete the culinary arts program at Franklin County Career and Tech Center.
1496. Students must submit a copy of "ServSafe" certification in order to receive credit for the Food Safety course.
1497. Students must pass the math challenge test with a 72 or better score in order to receive credit for the Mathematics course.
1498. Students must submit a copy of their high school transcript.
1499. Students must meet all other Culinary Institute of America admissions criteria and standards.
1500. The student agrees that if he/she is unable to maintain satisfactory academic progress in which the articulated credit is foundational, the student may be required to take the above mentioned courses.

It is agreed by both The Culinary Institute of America and Franklin County Career and Tech Center that any changes, curricular or programmatic, which may impact the terms of this agreement, will be shared immediately by each school.

THE WORLD'S PREMIER  
CULINARY COLLEGE

Dear Colleague,

I hope you've had a successful school year!

We are excited to renew the Articulation Agreement between the Culinary Institute of America and your school for the coming year. Without your continued support and the amazingly talented students you refer to us, we simply could not do what we do. As you get ready to head off for a well-deserved summer break, I wanted to give you a sneak preview of the exciting things that have been happening here at the CIA this past year:

- The Culinary Institute of America now accepts the **Common Application!** We value the time and energy it takes for you to help students apply to our school so we wanted to make it as simple as possible for you. Please help us spread the word!
- CIA now boasts an enhanced presence on **Naviance** so students can more easily learn about us during the college search. Without a doubt you and your students will find this expanded reference helpful. Feel free to guide them our way!
- Finally! CIA is proud to announce a **Bachelor of Science degree in Hospitality Management** beginning in Fall 2018! Our twist is the focus on food and beverage, but this new degree is going to tee your students up for an incredible career in the food industry. Stay tuned for more information and feel free to share this great news with your students!

I've also enclosed the "Top 9 Things You Should Know About CIA" to give you a bit more information.

As always, if you are near any of our campuses in Hyde Park, NY, Saint Helena, CA, or San Antonio, TX, please come visit! We would love to show you what CIA hospitality is all about and give you a personal tour!

Warm Regards,

Rachel Birchwood
