**BRIEF MEETING SUMMARY:**

We discussed current Covid protocol because members were curious about school policy now. We were pleased with the turnout. We had a great meeting discussing the school year even though we are just getting settled in. We chatted about changes in our industry, NOCTI, mock interviews, guest speakers, curriculum development and changes, and available grant money through F and M bank. They also love the continuation of adult ed being incorporated into our classroom as space allows. They also appreciated all of the different safety/fire drills that are practiced throughout the school year to keep everyone as safe as possible. They were surprised at all of the different drill examples that are offered as real-life situations. We discussed brands for tools and the pros and cons of them for clippers and shears. We also discussed incorporating more shadowing experiences for our students and bringing back field trips for our students and some possible places to go.

**ADMINISTRATIVE RESPONSE:**

- **Administration is greatly appreciative of the OAC support and involvement. We are pleased with the continued growth and success of the Cosmetology program at the secondary and adult education level. We are also excited about a “new normal” year following the several years significantly impacted by COVID. The recommendations for equipment, certifications and expanding shadowing experiences are all beneficial for student success.**
