

**Articulation Agreement
between
Delaware Valley University
and
Franklin County Career and Technology Center**

The goals of the articulation process are to:

- a. Provide students with a wide variety of academic coursework that prepares them for a baccalaureate degree.
- b. Recognize and reward students for university -level competencies achieved during high school, and
- c. Assist students in making a smooth transition from high school to post-secondary education.

University credits earned through this articulation agreement will offer students additional flexibility in course selection, and allow students to earn credits that can be applied to their degree requirements.

Franklin County Career and Technology Center students who successfully complete the Vehicle Maintenance Technology class can receive college credit from Delaware Valley University for the following course:

- **Vehicle Maintenance Technology** (3 credits)- This course satisfies 3 credits in PS 2201 Agriculture Engines and Power.

Acceptance of the curriculum by Delaware Valley University for these credits is based on the following:

- Franklin County Career and Technology Department students must successfully complete the course identified above with a “B” average or higher (3.0 GPA on a 4 point scale), and submit an official transcript to the Delaware Valley University, listing the course and grade received by the student.

The signatures below indicate agreement to the course equivalents and stipulations listed in this document between Franklin County Career and Technology Center and Delaware Valley University. The terms of this agreement will be reviewed periodically to reflect changes in the curriculum and course offerings.

Dr. Broc Sandelin, Ph. D
Dean, School of Agriculture and
Environmental Sciences
Delaware Valley University
